

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every international trade. Transporting industrial goods takes place each and every day on our industrious world. Originally innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With more than 50 years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial forklifts, making their models recognizable all around the world. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling company.
